

# Burleigh Fire Dragons

Burleigh Fire Dragons is currently expanding its membership base and would like to invite anyone interested in a challenge to give dragon boating a try. By joining BFD you will become part of a supportive and successful team. BFD has a strong record of achievement at many local, state, national and international competitions. We have exceptional facilities, in addition to being able to paddle on the beautiful Lake Orr at Varsity Lakes on the Gold Coast.

Dragon boating is suitable for all ages and abilities. If you have never tried dragon boating before come along to one of our training sessions where you will receive expert guidance. Only then will you experience the excitement of being part of a team endeavouring to achieve their ultimate best.

We welcome all enquiries and urge anyone interested to attend one of our four training sessions during the week.
