

Ipswich Dragon Boat Club (Ipswich Dragons) is one of the smaller clubs in the federation. Based in Ipswich, we paddle on the Bremer River where we catch glimpses of Ipswich's heritage past with the remnants of infrastructure from the time the Bremer carried coal to Brisbane.

We became part of the Queensland dragon boat family in late 2014. Our boat is kept at Norths Tigers Football club and we launch every Sunday from the Cribb Park boat ramp in North Ipswich. Depending on the tide you might see our modest dragon roar up through the Riverheart area and under the David Trumpy Bridge.

Our club is small but we are growing little by little each week. We focus on the social and fun aspect of this unique sport and welcome anyone that wants to get involved in our club. Dragon boating is a great way to meet new friends and get some good exercise in. If you haven't tried it before come and visit us for try. For those with a taste for competing we have the opportunity to combine with our neighbouring smaller clubs to enter regattas which is a great experience.

If you think you would like to give this fantastic sport a go, call Angela Perry on 0407 165 620 or find us on Facebook Ipswich Dragon Boat Club.
